Sir,

LAND ACQUISITION (South Kanara) Kasargod Taluk - Nileshwar village - R.S.No. 723/4,5,6 etc - For formation of an approach road to Kanhangoli bridge - Draft Declaration under section 6 of the Land Acquisition Act - Submitted.

Ref: G.O.Rt.No. 1012 P.W.D. dated 31-7-54.

The Divisional Engineer, Highways, South Kanara, has applied for acquisition of certain lands in Nileshwar village, Kasargod Taluk, for the purpose of forming an approach road to Kanhangole bridge at Mile 52/8 of Bangalore Chervathur road. The draft notification under section 4(1) of the Land Acquisition Act, was approved in the G.O. cited. The total extent of land proposed to be acquired is 6.71 acres.

2. In the course of enquiry under section 5A of the Act, one Aisamma owner of R.S.No. 723/4 and Payepatillath Assinar and Khadisumma registered holders of R.S.No. 731/1,2, and 3C have filed objections to the acquisition. The Revenue Divisional Officer, Puttur who is the Land Acquisition Officer in this case, found that the objections raised by Aisamma were bonafide as a major portion of her house will have to be demolished according to the alignment of the approach road. The Rev. Divl. Officer has changed the alignment a little by excluding her storeyed tiled building. The Asst. Engineer, Highways, Divisional Engineer, Highways have agreed to the deviation proposed by the Revenue Divisional Officer. The extent now proposed for acquisition in R.S.No. 723/4 is only 7 cents as against 18 cents originally proposed in the draft notification. The objections raised by the

registered holder of S.Nos. 731/1,2 & 3C are based on a misconception that their house falls in the alignment of the proposed road. The Land Acquisition Officer has shown them the correct alignment during his inspection and they have no objections now to the proposed acquisition. In these circumstances the objections raised by the registered holders may be overruled. The Land Acquisition Officer has found that the acquisition of portions of R.S.No. 717/1 and 717/2B as originally proposed is not necessary and suggests that the plots may be withdrawn from the acquisition proposals. The Divl. Engineer Highways, South Kanara is reported to have agreed to this change in alignment. The enclosed draft notification under Section 48(1) of the Land Acquisition Act may therefore be approved.

M

P13 below

3. There are several types of lands involved in this case. They have been valued on the basis of sale statistics in respect of S.Nos. 726/4B, 722/3C2 and 722/3D2 and on the basis of estimated letting value in respect of others. The improvements existing in the plots have been valued at market rates. The total cost of acquisition works out to Rs 21,895-14-7. The valuation made is reasonable and fair. There is some variation between the extent of the subdivisions as shown in the draft Notification and the Draft Declaration now enclosed. A reconcilation statement is enclosed. The difference is due to the change in alignment of the road, found necessary during enquiry under Section 5A

4. I enclose a draft declaration under Section 6 and a a draft withdrawal notification under section 48(1) of the Land Acquisition Act. They may be approved and ordered to be published in the Fort St. George Gazette.

The records of 5A enquiry and a topo sketch of the plot are enclosed.

Yours faithfully

In the reference cited the
Board of Revenue has recommended
that the objections to the acquisition
of lands for the formation of an

in S. Kanara Dt. be overruled.
It is, however, observed from the
Coll's letter dt 5.12.54, forwarded
with the Bd's reference cited, that
the objections of the owner of R.S No
723/4 have been upheld by the R.D.
and the alignment of the approach
road has been accordingly changed
and that the objections of the
registered holders of S.Nos 731/1, 2
have since been withdrawn. It
is therefore not clear ~~what the~~
~~Board has recommended~~

In G.O.Rt.No.1012, P.W. dated 31-7-54, the notification under Section 4(i) of the L.A.Act for acquisition of certain lands in Nileshwar Village, Kasargode taluk, South Kanara Dt., for the purpose of forming an approach road to Karangolige Bridge at mile 52/8 of Mangalore-Chervathur Road was approved and ordered to be published in the Fort St. George Gazette.

The Collr. of S.Kanara has now reported that consequent on the objections raised by some of the land owners, the Highways Department has slightly changed the alignment of the approach road. An extent of 19 cents of land is therefore proposed to be withdrawn from Land Acquisition proposals.

The Collr. has also reported that certain registered holders also raised objections to the acquisition of their lands and that they subsequently withdrew their objections when the Land Acquisition Officers showed them the correct alignment of the approach road. They did not however withdraw their objections in writing. In the circumstances, the Collr. has reported that the objections to the acquisition may be overruled. He has accordingly submitted a draft withdrawal notification under section 48(i) and also a draft declaration under Sec. 6 of the L.A.Act for approval of the Govt. and publication in the F.S.G.G.

The total cost of acquisition is reported to be Rs 21,895-14-7 and the Collr. has stated that this is reasonable and fair. He has also reported that no compensation need be paid to the owners of lands which are proposed to be withdrawn from acquisition now.

The Board of Rev. has agreed with the Collr. and has recommended that the objections may be overruled and the draft notifications submitted by the Collr. approved and published in the F.S.G.G.

In the circumstances the draft withdrawal notification under Sec. 48(1) and the draft declaration under Sec. 6 of the L.A.Act, submitted by the Collr. may be approved and published in the F.G.G.G. Drafts submitted.
